**LOT 16 - 1 - Light Metal Rust Dome Vintage Pendant Light with Crystals**

**Description**

This industrial-chic chandelier seamlessly blends rugged elegance with timeless sophistication. The hand-forged iron framework, finished in baked paint and brush color processes, evokes the raw aesthetic of industrial warehouses, while the meticulously hand-cut crystal droplets introduce a luminous contrast that softens the metallic structure. Each prismatic crystal is precision-engineered to refract light into prismatic patterns, casting dynamic, shimmering accents across surfaces, making it an ideal centerpiece for contemporary lofts, vintage-inspired dining areas, or modern bathroom spaces seeking a touch of opulence.

**Features**

- **Versatile Aesthetic Appeal:** Its industrial-rustic iron framework pairs harmoniously with the crystalline elegance of the droplets, creating a juxtaposition that appeals to both modern minimalist and vintage enthusiasts. The neutral iron finish, achieved through a meticulous brush-color process,

ensures effortless adaptability to diverse color palettes, while the refractive crystals add a subtle shimmer that can either anchor a room's focal point or blend into ambient lightscapes.

- **Strong Durability:** This chandelier is made of high-class iron and has been treated with baked paint and brush color processes. It is anti-rust and meticulously crafted to ensure durability and longevity, with a robust construction that can withstand the test of time.
- **Bright & Soft Lighting:** The semi-open light can be equipped with 1 standard E26 bulbs(not included) to emanate a beautiful and luminous radiance and illuminate the entire area(53.82-107.64ft<sup>2</sup>), while the hollow lampshade's moderate light transmittance filters harsh glare into a soft, diffused glow.
- **Adjustable Height:** You can adjust the height of the chandelier by adjusting the length of the hanging wire(within 47.24inch) for different ceiling heights and different display effects.
- **High Stability:** The metal circular base increases stress area, making the product fixed firm without falling easily.
- **Crystal Glass Ornaments:** Each crystal glass droplet is individually hand-cut and aligned to optimize light diffusion, ensuring that prismatic patterns are both cohesive and dynamic.
- **Application:** With a lighting area of 53.82-107.64ft<sup>2</sup>, it is ideal for living room, cooking island, restaurant, loft, bar, shop, balcony, stairs, club, cafe, and restaurant.

**Quantity: 1**
