LOT 77 - Hegg Tufted Upholstered Platform Bed

Description

We love a tufted Upholstered bed as it gives the illusion of space to a small room or one with a low ceiling. This one fuses modern elements with traditional style and just may be the piece you design your bedroom around. It is made from a blend of engineered wood and steel and showcases a button-tufted upholstered panel headboard wrapped in foam and 100% linen. The surround is also upholstered for a tailored look. A system of slats and legs eliminates the need for a box spring – just top it with the mattress of your choice (not included). Another plus: There is room underneath this bed for a storage bin or two.

Features

Queen bed.

- Upholstered linen and tufted button headboard, this classic silhouette matches a variety of bedroom styles perfectly. Thick dense foam padding gives you a comfortable touch.

- The interior steel framework supports your mattress firmly
- Fit any kind of mattress, spring, memory foam, latex, or hybrid mattress. 800 lbs weight limited.
- Fabric upholstered bed frame with adjustable headboard
- The slats of this bed have to be screwed on and not hook & loop fasteners.
- The 6" is a little low for the bed, but you can still use it if you do not care about the gap between the mattress to the headboard.
- The color of the legs is black
- The material of the legs is plastic and iron
- Smartly packed all parts with instructions and tools in one box. Only takes about 30 minutes to assemble.

Quantity: 1
